- Work part-time (12 - 19 hours) around your College schedule
- Open to all majors and degree plans, including workstudy students
- Gain valuable hands-on, real-life work experience

Student Technology Services

Program established in 2003 and is overseen by the EPCC Office of the CIO/Vice President of Information Technology. STS is managed entirely by students in a program that empowers decision making, budget management and customer services. The program hires, trains and currently manages approximately 60 students that are placed throughout the College District to support various departments and events. Business and industry partnerships also provide employment in the El Paso area for our students.

Earn More With STS

By Participating in training workshops, seminars, and other special events, STS employees can earn points to qualify for pay raises. The opportunity to advance to STS Manager is also available to all qualified students.

To Apply All You Need Is...

- Letter of interest
- Resume
- Current academic class schedule (available only at Cashier's Desk)
- Unofficial copy of transcript
- Submit all the above and set up interview at:

**EPCC Administrative Services Center
